GENERAL AND REVENUE SECRETARIAT.

Serial Nos.

Part B for October 26

SUBJECT

Mileage allotment of Rs 100/- per mile for the maintenance of the Bridle path from Mysore Mananlody road to Gaddige near Kuthiyadi and an estimate for Rs 1,590.

52 To, The President, Dist. Bd. Mysore, the Chief Engineer & the Comptroller
No. 24699-71/A 5.10.26.

Sanctions the proposal of District Bd. referred to above

WD 01264—GPB—40,000—17-12-25

Serial No.

42

From the Chief Engineer

No 12496 dt 3.5.26. requests Sanction under "Dt. funds" for the Estimate of Rs 4863. for Collection of metal for metalling the remaining length of the bridle path from 7/113 of the Mepore Manantaddy Road near Madapur and one Gradient near Kuruvadi.

The point for orders is whether the Estimate should be sanctioned under "Dt funds"

The grounds of Contention of the Chief Engineer that it should be sanctioned accordingly are:-

(1) the bridle path was opened by the Palace Dept in Consultation with the Dt. Bd. Mepore

(2) the Dt Bd met the Cost of Rs 2,975 for Collecting metal for 22 furlongs of the Road

(3) the work now proposed is but a Continuation of that already started

(4) there is a provision of Rs 3000 in the Dt Bd Budget for the purpose in the year 25-26.

2) Warning defined to their force & to the importance of the Road

NOTE—Contn. Sheet

under the circumstances reported by the ...

The president's letter explains the situation. It is for orders whether the resolution of the Dist Board should be upheld viz (1) The estimate for consolidation of metal already collected is sanctioned for Rs 1590. This will have met the metalling of the 22 furlongs I mean such metal."

(2) The District Board sanctions an allotment of Rs 100 per mile for annual repairs of the 5 3/4 miles of this road with effect from 1926-27.

9/ Refer para 4 supra

PWS 11/8/26

The Dist Bd does not seem inclined to pay the whole amount of Rs 4000 odd required by the Engr. The Chief Engineer has perhaps to be consulted on the Dist Bd resolution now sent up

10/ The Chief Engineer may perhaps be consulted unofficially as to whether the resolution of the Dist Board will meet the present need

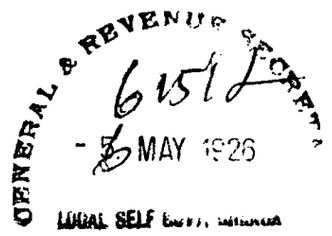
Dated Bangalore,.....3..M..a..y.....1926.



JOHN BHORE, Esq., A.M.I.C.E.,
Chief Engineer of Mysore,
Bangalore.

B. Nagappa, Esq., Bar-at-Law.,
Secretary to Government,
Local and Legislative Departments,
Bangalore

Mr. Sec. Govt
4/5/26

SIR

I have the honour to inform you that the Huzur Secretary to His Highness the Maharaja of Mysore intimated in his letter No. 2815 dated the 8th March 1924 that a bridle path from 7/113 of the Mysore Manantody road near Madapur and on to Gaddige near Kutwadi was opened at an estimated cost of Rs 3,500 out of Palace Funds and he desired that the road may ~~be~~ in future be maintained by the P. W. D. out of "24 Civil Works in charge of P.W.officers- 2 Repairs Communications". It is stated that this path was specially opened as one leading to the shooting camp for His Highness the Maharaja. The length of the bridle path is reported to be six miles.

2. The road as opened out by the Palace Department was a gravelled one. As the road is much frequented by His Highness and party it was considered necessary to improve the surface of the road by ~~xxxxx~~ metalling it. So the Executive Engineer, Mysore Division who carried out the opening of the bridle path for the Palace Department in consultation with the President of the District Board, Mysore District submitted in May 1925 an estimate amounting to Rs 2,975 for collecting metal for 22 furlongs of the road. The whole cost was borne by the President of the District Board.

The

9

The Executive Engineer, Mysore District, after working out the estimate sanctioned for Rs 2,975 for collection of metal for metalling 22 furlongs of the road prepared detailed estimates aggregating Rs 4,863 for items of work noted in the margin and forwarded the same to the President of the District Board for counter-signature and return as per procedure in force. But the President of the District Board instead of countersigning the estimates returned the same without his countersignature and with a copy of the resolution of the Board stating that the Board is unable to provide funds for the works now newly proposed. A copy of this resolution is herein enclosed for information. But in this connection it may be mentioned that a sum of Rs 3,000 has been provided for the work in the District Fund Budget Estimates for the year 1925-26.

(1) Collection of metal for metalling the remaining length.....Rs 3,273	
(2) Consolidation of metal collected during 1924-25.....Rs 1,590	

3. The District Board who once sanctioned the estimate providing for the metal required for the first coat will have, in my opinion to bear the cost of utilising the same metal by consolidation as provided for in present estimates amounting to Rs 4,863. The road serves the need of a particular locality consequently the cost has to be borne by the District Board as has been already done.

4. The estimates with the above remarks are herewith forwarded for being sanctioned under "District Funds". The question of maintenance under District Funds as resolved by the Board may be taken up after the present estimates are worked out.

I have the honour to be,

Sir,

Your most obedient servant,

M. Thore

1.5.26

Chief Engineer of Mysore.

leport to accompany the Special Consolidation estimate for Winckler Road:-

==========

The estimate provides for consolidating metal collected as per metalling estimate, which was sanctioned in 1924-25. Necessary provisions are also made for gravelling the sides of the Special furlongs. As 5&6/6 furlongs are of black cotton soil the road surface is very loose and 6" sand bedding under metal coating are proposed. Approved rates are entered in the estimate.

12/10/-
